

GREENWOOD
SUSTAINABLE INFRASTRUCTURE

JUNIOR TO MID-LEVEL LEGAL COUNSEL

OVERVIEW

Greenwood Sustainable Infrastructure LLC (GSI) is a renewable energy company focused on the development, construction and operation of distributed generation and utility-scale solar energy and battery storage projects in North America. GSI is the North American renewable energy subsidiary of Libra Group, a privately owned, global business group with assets and operations in nearly 60 countries. GSI is looking for a Junior to Mid-Level Legal Counsel who is eager to apply their legal expertise to support the company's initiatives in Canada and the United States. You will be expected to play a key role on a range of matters.

KEY ACCOUNTABILITIES:

The successful candidate will provide support by:

- diligencing, structuring, drafting, negotiating and closing various types of documentation, which may include options to lease, title clearing documents, PPAs, EPC agreements, O&M agreements, loan agreements, M&A agreements, JV agreements, governance agreements and general corporate agreements and documents;
- corresponding with external legal counsel and third parties and providing timely support to GSI's business lines; and
- support on other legal matters and transactions.

QUALIFICATIONS:

The successful candidate will have the following competencies:

- LLB or JD from an accredited law school with bar admission in Ontario or another Province;
- minimum of 2-4 years of legal experience at a leading law firm or in-house;
- experience in some or all of diligencing, structuring, drafting, negotiating and closing option to lease, title clearing, PPA, EPC, O&M, project finance, M&A, JV, governance and general corporate documentation;
- preferably experience in renewable energy;
- commercial astuteness and motivated by the work that you do;
- ability to manage a high volume of legal matters; and
- ability to work collaboratively and independently.

Job Type: Full-Time

Job Location: Hybrid, with time in Waterloo Region office tailored to location of successful candidate

Timing: applications will be accepted on a rolling basis, with interviews anticipated for January
